## § 403.256 Loss ratio supporting data.

- (a) For purposes of requesting CMS certification under §403.232, the insuring organization must submit the following loss ratio data to CMS for review—
- (1) A statement of why the policy is to be considered, for purposes of the loss ratio standards, an individual or a group policy.
- (2) The earliest age at which policyholders can purchase the policy.
- (3) The general marketing method and the underwriting criteria used for the selection of applicants to whom coverage is offered.
- (4) What policies are to be included under the one policy form, by the dates the policies are issued.
  - (5) The loss ratio calculation period.(6) The scale of premiums for the loss

ratio calculation period.

- (7) The expected level of earned premiums in the loss ratio calculation period.
- (8) The expected level of incurred claims in the loss ratio calculation period.
- (9) A description of how the following assumptions were used in calculating the loss ratio.
  - (i) Morbidity.
  - (ii) Mortality.
  - (iii) Lapse.
- (iv) Assumed increases in the Medicare deductible.
- (v) Impact of inflation on reimbursement per service.
  - (vi) Interest.
- (vii) Expected distribution, by age and sex, of persons who will purchase the policy in the coming year.
- (viii) Expected impact on morbidity by policy duration of—
- (A) The process used to select insureds from among those that apply for a policy; and
- (B) Pre-existing condition clauses in the policy.
- (b) For purposes of requesting continued CMS certification under §403.239(a), the insuring organization must submit the following to CMS—
- (1) A description of all changes in the loss ratio data, specified in paragraph (a) of this section, that occurred since CMS last reviewed the policy.
- (2) The past loss ratio experience for the policy, including the experience of

- all riders and endorsements issued under the policy. The loss ratio experience data must include earned premiums, incurred claims, and total policy reserves that the insuring organization calculates—
- (i) For all years of issue combined; and
- (ii) Separately for each calendar year since CMS first certified the policy.

## § 403.258 Statement of actuarial opinion.

- (a) For purposes of certification requests submitted under §403.232(b) and subsequent review as specified in §403.239(a), statement of actuarial opinion means a signed declaration in which a qualified actuary states that the assumptions used in calculating the expected loss ratio are appropriate and reasonable, taking into account actual policy experience, if any, and reasonable expectations.
  - (b) Qualified actuary means—
- (1) A member in good standing of the American Academy of Actuaries; or
- (2) A person who has otherwise demonstrated his or her actuarial competence to the satisfaction of the Commissioner or Superintendent of Insurance of the domiciliary State of the insuring organization.

## Subpart C—Recognition of State Reimbursement Control Systems

Source: 51 FR 15492, Apr. 24, 1986, unless otherwise noted.

## § 403.300 Basis and purpose.

- (a) Basis. This subpart implements section 1886(c) of the Act, which authorizes payment for Medicare inpatient hospital services in accordance with a State's reimbursement control system rather than under the Medicare reimbursement principles as described in CMS's regulations and instructions.
- (b) Purpose. Contained in this subpart
- (1) The basic requirements that a State reimbursement control system must meet in order to be approved by CMS:
- (2) A description of CMS's review and evaluation procedures; and
- (3) The conditions that apply if the system is approved.
